

*Moon Area Middle School*

## **Optional Math Summer Study Guides Available Online June 20<sup>th</sup>!**

The Moon Area Middle School Math Department encourages you to prepare your child for math success next school year.

Online study guides are available for access over the summer months beginning on Monday, June 20, 2011.

Math summer study guides can be accessed through your Moon Area School District Edline account. To obtain Edline activation information, contact Barb Lewis at [balewis@moonarea.net](mailto:balewis@moonarea.net) or 412.262.4140 x1136.

**Please note:** These *optional study guides* contain information is intended to provide a basic foundation and review of skills that will enhance, but not replace, the skills required for each student's success. Therefore, completion of summer study guides does not enable your child to skip a middle school math course.

Computers with internet access are available at Moon Township Public Library. Library hours are Monday-Thursday 10:00-8:00, Friday and Saturday 10:00-5:00, and Sunday 1:00 to 5:00. July through Labor Day Saturday hours are 10:00-3:00 and closed Sunday.

Have a fun and educational summer.

See you in August!
